- JavaScript | TypeScript | C# | React | Vue.js | Next.js | Sass | Node.js | MongoDB | Amazon DynamoDB | AWS Lambda | Git | ExpressJS | GraphQL | Postman | Microsoft SQL Server | Amazon S3 | MySQL | Firebase | NestJS | HTML5 | CSS3 |

WORK EXPERIENCE:

Particular Presence Technologies · Software Developer | August, 2022 - May 2023

- Developed and implemented new features for existing projects using various front-end technologies and APIs.
- Resolved technical issues and bugs within these features, resulting in a smoother user experience.
- Collaborated with cross-functional teams to gather requirements and translate them into technical specifications.
- Conducted regular code reviews and implemented feedback to ensure high-quality code and adherence to best practices.
- Participated in team meetings and contributed to the development of new ideas and strategies for product improvement.

Particular Presence Technologies · Software Developer Intern | June, 2022 - August, 2022

- Implemented a proof-of-concept payment feature that enabled users to initiate financial transactions using a credit card.
- Designed and implemented user interfaces and functionalities for a revenue-generating product, allowing administrators to view customer metrics and initiate financial operations seamlessly.
- Utilized serverless technology to process consumer requests, generate relevant metrics, and store this information in a database.
- Leveraged cloud-based API technologies to establish seamless data exchange between different parts of the system.

RELEVANT PROJECTS:

Show Dev - https://github.com/stephanmingoes/show_dev
Simple Blog Website for developers to share, showcase, and promote their work, gain inspiration, and find opportunities to collaborate and grow.

Script Commit - https://github.com/stephanmingoes/script-commit
A tool that uses Open AI GPT API to understand the content, context, and purpose of each change in a repo and uses this information to generate a concise and descriptive commit message that accurately reflects the changes made.

EDUCATION:

2020 - 2024 | The University of The West Indies
Bachelor of Science - Computer Science

CERTIFICATIONS:

AWS Partner: Accreditation (Technical) | Issued by Amazon Web Services Training and Certification

AWS Certified Cloud Practitioner | Issued by Amazon Web Services Training and Certification
